

ALL PRICING IS IN CAD.

Note to US customers: Because of the exchange rate, USD prices are typically 20-25% less than the listed CAN price. The exchange rate varies daily. To calculate the current price in USD, multiply the CAD price by the current exchange rate. For example, \$500 CAD x 0.76 = \$380 USD. To find the current exchange rate, search "CAD to USD exchange rate".
